

PLANNING APPLICATION FORM.

BEFORE FILLING OUT THIS FORM PLEASE NOTE THE FOLLOWING:

It is a requirement under Section 38 of the Planning & Development Act 2000 – 2018 that this Planning Authority must make all documentation submitted as part of a planning application available for inspection and purchase at the planning office and also available for review on our website.

Failure to complete this form or attach the necessary documentation, or the submission of incorrect information or omission of required information will lead to the invalidation of your application. Therefore please ensure that each section of this application form is fully completed and signed, entering n/a (not applicable) where appropriate, and that all necessary documentation is attached to your application form.

OTHER STATUTORY CODES

An applicant will not be entitled solely by reason of a planning permission to carry out the development. The applicant may need other consents, depending on the type of development. For example, all new buildings, extensions and alterations to, and certain changes of use of existing buildings, must comply with building regulations, which set out basic design and construction requirements. Also, any works causing the deterioration or destruction of the breeding and resting places of bats, otters, natterjack toads, Kerry slugs and certain marine animals, constitute a criminal offence unless covered by a derogation licence issued by the Minister for Arts, Heritage and the Gaeltacht (pursuant to Article 16 of the Habitats Directive).

DATA PROTECTION

It is the responsibility of persons or entities wishing to use any personal data on a planning application form for direct marketing purposes to be satisfied that they may do so legitimately under the requirements of the Data Protection Acts 1988 to 2018. The Office of the Data Protection Commissioner states that the sending of marketing material to individuals without consent may result in action by the Data Protection Commissioner against the sender including the prosecution.

PLANNING APPLICATION FORM

BEFORE FILLING OUT THIS FORM PLEASE NOTE THE FOLLOWING:

STANDARD PLANNING APPLICATION FORM AND ACCOMPANYING DOCUMENTATION:

Please ensure that each section of this application form is fully completed and signed. The applicant should enter n/a (not applicable) where appropriate.

Please ensure that all necessary documentation is attached to your application form.

Failure to complete this form or attach the necessary documentation, or the submission of incorrect information or omission of required information will lead to the invalidation of your application.

PLEASE NOTE:

When submitting planning applications involving “Retention” the following descriptions must be adhered to:-

The applicant must apply for “Retention Permission to retain XX” followed by a description of the development or use carried out.

For applications where both retention permission and permission are being sought the applicant must apply for “Retention Permission to retain XX” (followed by a description of the development / use carried out) and “Permission to/for YY” (followed by a description of the proposed development)

“Permission to retain and complete” will not be accepted and such applications will be returned as invalid together with the application fee.

ADDITIONAL INFORMATION

It should be noted that each planning authority has its own development plan, which sets out local development policies and objectives for its own area. The authority may therefore need supplementary information (i.e. other than that required in this form) in order to determine whether the application conforms with the development plan and may request this on a supplementary application form.

Failure to supply the supplementary information will not invalidate your planning application. However, if it is not supplied, the planning authority may not be able to reach a decision on whether or not to grant permission on the basis of the information available to it. Therefore failure to supply this information could delay the decision on an application or lead to a refusal of permission.

Applicants should therefore contact the relevant planning authority to determine what local policies and objectives would apply to the development proposed and whether additional information is required.

DIRECTIONS FOR COMPLETING THIS FORM

1. Grid reference in terms of the Irish Transverse Mercator.
2. “The applicant” means the person seeking the planning permission, not an agent acting on his or her behalf.
3. Where the plans have been drawn up by a firm/company the name of the person primarily responsible for the preparation of the drawings and plans, on behalf of that firm/company, should be given.
4. A brief description of the nature and extent of the development, including reference to the number and height of buildings, protected structures, etc.
5. Gross floor space means the area ascertained by the internal measurement of the floor space on each floor of a building; i.e. floor areas must be measured from inside the external wall.
6. Where the existing land or structure is not in use, please state most recent authorised use of the land or structure.
7. Part V of the Planning and Development Act 2000 applies where –
 - the land is zoned for residential use or for a mixture of residential and other uses;
 - there is an objective in the Development Plan for the area for a percentage of the land to be made available for social and/or affordable housing; and
 - the proposed development is not exempt from Part V.
8. Under section 97 of the Planning and Development Act 2000, applications involving development of 9 or fewer houses or development on land of less than 0.1 hectare may be exempt from Part V.
9. Under section 96(13) of the Planning and Development Act 2000, Part V does not apply to certain housing developments by approved voluntary housing bodies, certain conversions, the carrying out of works to an existing house or the development of houses under an agreement made under section 96 of the Act
10. The Record of Monuments and Places, under section 12 of the National Monuments Amendment Act 1994, is available, for each county, in the local authorities and public libraries in that county. Please note also that if the proposed development affects or is close to a national monument which, under the National Monuments Acts 1930 to 2004, is in the ownership or guardianship of the Minister for Culture, Heritage and the Gaeltacht or a local authority or is the subject of a preservation order or a temporary preservation order, a separate statutory consent is required, under the National Monuments Acts, from the Minister for Culture,

Heritage and the Gaeltacht. For information on whether national monuments are in the ownership or guardianship of the Minister for Culture, Heritage and the Gaeltacht or a local authority or are the subject of preservation orders, contact the National Monuments Section, Department of Culture, Heritage and the Gaeltacht.

11. An Environmental Impact Assessment Report (EIAR) and the confirmation notice from the EIA portal are required to accompany a planning application for a development of a class set out in Schedule 5 of the Planning and Development Regulations 2001 -2018 which equals or exceeds, or as the case may be, a limit, quantity or threshold set for that class of development. An EIAR and a confirmation notice from the EIA portal will also be required by the Planning Authority in respect of sub-threshold development where the authority considers that the development would be likely to have significant effects on the environment (article 103).
12. An appropriate assessment of proposed development is required in cases where it cannot be excluded that the proposed development would have a significant effect on a European site. It is the responsibility of the planning authority to screen proposed developments to determine whether an appropriate assessment is required and where the Authority determines that an appropriate assessment is required, the authority will normally require the applicant to submit a Natura impact statement (NIS). Where the applicant considers that the proposed development is likely to have a significant effect on a European site, it is open to him/her to submit a NIS with the planning application.
13. The appeal must be determined or withdrawn before another similar application can be made.
14. A formal pre-application consultation may only occur under Section 247 of the Planning and Development Act 2000. An applicant should contact his or her planning authority if he/she wishes to avail of a pre-application consultation. In the case of residential development to which Part V of the 2000 Act applies, applicants are advised to avail of the pre-application consultation facility in order to ensure that a Part V agreement in principle can be reached in advance of the planning application being submitted.
15. The list of approved newspapers, for the purpose of giving notice of intention to make a planning application, is available from the planning authority to which the application will be submitted.

Please note: 16 & 17 below, refer to the 'Accompanying Documentation Section' of the form:

16. All plans, drawings and maps submitted to the planning authority should be in accordance with the requirements of the Planning and Development Regulations 2001-2018.
17. The location of the site notice(s) should be shown on site location map.

18. See Schedule 9 of Planning and Development Regulations 2001. If a reduced fee is tendered, details of previous relevant payments and planning permissions should be given. If exemption from payment of fees is being claimed under Article 157 of the 2001 Regulations, evidence to prove eligibility for exemption should be submitted.
19. The address of the Applicant and Agent (if any) should be included here.
20. All planning applications for development adjacent to or exiting onto a public road should contain details of the proposed method of disposal of surface water emanating from the site of the proposed development. The details should include a drawing to scale of the proposals with other appropriate details such as pipesizes, gradients, outfall points, gulley locations etc. Surface water run-off may discharge to a drain or watercourse within or adjacent to a site or to soakaways constructed within the site. In the latter case, adequate percolation must be shown to be present. Drawings should also indicate methods to be used to prevent surface water flowing from the site onto the public road such as channels etc. Failure to provide this information at planning application stage may result in a deferral of the application at assessment stage.
